# PRESSURE TANKS

Our PUMPLUS and MEGAPLUS fixed diaphragm pressure tanks have been developed to provide reliable water system pressure management for a wide range of applications. Whether it be for boosting pressure in your home or complementing one of our multi-pump booster systems, Lowara has the appropriate pressure tank for you.

Both PUMPLUS and MEGAPLUS fixed diaphragm pressure tanks are WaterMark™ Certified\* and are constructed with the highest quality materials. This ensures long lasting reliability, comfort, and water quality for years to come.

**Features include:**

- WaterMark™ Certified compliant to Australian Standards.
- 5-year warranty.
- Cold rolled carbon steel shell with a 304 stainless steel water connector for strength and reliability.
- Polypropylene liner combined with a heavy-duty butyl rubber diaphragm for safe water storage.
- Available in both horizontal and vertical installation.
- Capacities from 3 to 450 litres.
